

Addressing the Genuine Student Criterion

1. Give details of your current circumstances. This includes ties to family, community, employment and economic circumstances.

Your statement must include the following:

- Family composition - members of the family, description of any jobs / businesses and siblings' occupations.
- Any ties to the community.
- A brief description of the family's liquid and immovable assets.
- Details of your employment (if any) – name of the company, nature of operations, position, salary, size of the company, duration of the employment.
- Address any gaps in employment or education.
- Circumstances around mandatory military service commitments or civil unrest in the country (if applicable).

My name is **XXX**, and I reside in **XXX** with my mother, **XXX**. My father sadly passed away on 11 November 2024. My education is financially supported by my mother, who manages a business and earns income from house rentals, along with my maternal uncle who works in Japan. Our combined annual family income is approximately **XXX**. To further support my studies abroad, we have secured an education loan of **XXX** from **XXX**, along with additional savings of **XXX**. My family also owns immovable property worth around **XXX** in **XXX** and operates a family business, giving me strong reasons to return and contribute to our household and business in the future. I completed my +2 in Science with Computer Science in August 2025 with no education gaps. I am now determined to pursue a Bachelor of Information Technology at **XXX** to advance my academic and career goals.

2. Explain why you wish to study this course in Australia with **XXX**. This must also explain your understanding of the requirements of the intended course and studying and living in Australia.

Your statement must include the following:

- Which countries did you compare and why you chose Australia as your study destination.
- What course options did you research in Australia.
- Demonstrate your understanding of the intended course, what you expect to learn and

- what aspects of the course interest you the most.
- Reasons for not doing a similar course in your home country.
- What provider options did you compare in Australia and reasons for choosing **XXX** specifically.
- Brief description of the campus and awareness of the location.
- Planned living arrangements in Australia including rental costs, accommodation type, arrangements for travel to-and-from campus. If living with a relative, clearly state distance from the campus, type of accommodation, family composition of the relatives, whether sharing any rent.
- Brief explanation of your funding options.

I chose to study in Australia after comparing the USA, Canada, and the UK, as it offers a safe, multicultural environment, globally recognized degrees, strong graduate outcomes, and relatively affordable tuition. Within Australia, I reviewed IT programs at **XXX**, **XXX**, and **XXX**, but selected **XXX** for its supportive learning environment, smaller class sizes, industry-engaged curriculum, and modern North Sydney Campus facilities. I have a background in Science with Computer Science, which provides a strong foundation in programming, algorithms, and systems thinking, directly relating to my chosen BIT program. Additionally, my previous internship and academic projects in IT have strengthened my practical understanding of technology and cybersecurity principles. Through the BIT, I aim to further develop skills in programming, systems analysis, cybersecurity fundamentals, cloud computing, data modelling, and ICT project management. I plan to live in shared accommodations such as **XXX** or **XXX**, costing AUD 250–300 per week, and have prepared financially to meet the Australian Government’s annual living cost requirement of AUD \$29,710.

3. Explain how completing the course will be of benefit to you.

Your statement must include the below:

- Is the course consistent with your current level of education.
- Explain how the course will assist you to obtain employment or improve employment prospects in your home country or another country.

- Is the course relevant to past or proposed future employment in your home country or another country. If the intended course is unrelated to previous studies or at the same level as your previous studies, then explain reasons for your choice.
- Explain expected salary and other benefits in your home country or another country obtained with the qualifications from the proposed course of study.

Completing the BIT at ACU will equip me to pursue a career as a **Cybersecurity Analyst**, a role that is in high demand due to Nepal's rapidly growing digital and IT sector. Program's focus on cybersecurity fundamentals, network security, risk governance, and cloud computing aligns directly with the skills required for this position. According to salary data, cybersecurity professionals in Nepal earn between NPR 537,300 to NPR 1,846,200 annually **XXX**, reflecting strong financial opportunities and long-term career stability. I chose this career both because of its high market demand and my personal interest in protecting digital systems, solving complex security challenges, and contributing to the development of a secure IT environment in my home country. The BIT program's practical, industry-integrated approach ensures I will gain the knowledge and hands-on experience needed to excel in this field. I expect to recover the estimated AUD 130,000 study investment within 8–10 years through career growth in Nepal's IT sector.

4. Give details of any other relevant information you would like to include.

Your statement must include the below:

- Please include your and your spouse's (if applicable) details of all immigration history (including Australia and other countries). This will include details of all successful and/or unsuccessful visa applications, any visa cancellations, any deportations, any attempts of seeking asylum or any other immigration history. Please address concerns in case of adverse immigration history.
- If you have relative(s) in Australia – provide their location, type of visa, profession, type of relation (sister, uncle, cousin, etc.).
- Any other information that may be of relevance.

I have no adverse immigration history and have not applied for visas to any country other than Australia. There have been no visa refusals, cancellations, deportations, or applications for asylum. I do not have any relatives currently residing in Australia.

My primary focus is to pursue the Bachelor of Information Technology (BIT) at **XXX, XXX**, to gain practical skills, industry experience, and international exposure. This program will provide me with the knowledge and hands-on experience necessary to succeed in the IT and cybersecurity sectors. Upon completion of my studies, I plan to return to Nepal and contribute meaningfully to its rapidly evolving digital sector, applying the advanced skills and global perspectives gained through this internationally recognised program.
